

Castledowns cashflow! This bungalow is conveniently located, minutes from newly opened North leg of Anthony Henday Drive. Also within a minutes' drive are both Skyview and Beaumaris shopping commons, as well as a brand new Walmart. The YMCA and brand new Castle Downs Park and Playground are steps away. Watch your children walk to the playground from your kitchen window!

Great investment opportunity; live upstairs and rent the basement! Property was originally purchased to develop basement into a legal suite; but another opportunity has presented itself. Building and development permits have been filed and approved for basement suite. Second brand new high efficiency furnace and water heater have been installed. All HVAC for basement suite has been run; ventilation for bathroom and kitchen range-hood have also been run. Landscaping and grading work have been done to improve drainage. A brand new treated lumber fence splits the huge yard in two—each suite gets a yard and patio! Cornerstones approved and ready for development! Have property inspection by *Global Property Inspections* from June 2011 on hand for review.
