## New Calgary Rules of The Road

- The morning rush hour is from 5:00am to noon. The evening rush hour is from noon to 8:00pm. Friday's rush hour starts on Thursday morning and ends on Saturday night.
- The minimum acceptable speed on most freeways is 130 kph. On Deerfoot, you are expected to match the speed of the airplanes coming in for a landing at the airport. Anything less is considered "Wussy".
- Forget old traffic rules you learned elsewhere. Calgary is different. For example, trucks with the biggest tires go first at 4-way stops.
- If someone actually has their turn signal on, wave them to the shoulder immediately to let them know it has been "accidentally activated."
